Find place Dowlais Steel Works, Cardiff S. Glam

Collection	Labels	Date
NHW Cardiff	96.159	31.8.77

Comments 1. blade edge has been ground flat. The flake scars along the blade edge may be related to this process.
 2. the small patch of cortex on poll is ground smooth.
 3. found when trying steel works foundations, lying on top of peat bed (3 1/2' thick) + partly in it, below 14' of alluvial clay.
