Comments

1. CAE 15: 15 = XXV
2. found in ploughed field, while clearing stones
3. Bull. Board Celtic Studies 16, 1959, 50
4. from mid point to poll edge on back face is mostly a single scar surface, probably the ventral face of the flake from which the 'roughout' was made. Fine flaking on both faces is confined to blade & lower part of body.
5. 'CORTEX' is what appears to be weathered surface of parent rock.
