Comments  
~~Card: Exhibited with another axe. <sup>447</sup>1948 and flint knife~~  
~~under label: "Two axes and a flint knife found at the gas~~  
~~works of the N.E. Railway at York in 1868 (E. Coll. E. Allen 1870)"~~

1. good condition
2. pecking on face is pre-grinding. Pecking on both side edges is post-grinding: note outline, where slight reduction is visible. Nonetheless, 'original' sides do have slight tendency to be faceted - clearest by feel.
